INSTALLATION INSTRUCTIONS

- 1** Select the desired color temperature on the fixture.
NOTE: Fixture is preset to 3000K and may have been changed in shipping, handling, or installation.

- 2** Assemble the decorative ring with fixture. Once assembled, secure the ring by bending all tabs inward, by hand.
NOTE: If the fixture will be installed in wet locations, fix the EVA foam to the back plate.

REQUIRES: Decorative Ring (Ordered Separately)

- 3** Place the bracket onto the junction box. Fasten to ceiling with screws.

- 4** Using wire nuts, connect the same colored power supply lead wires to the fixture wires.

- 5** Attach one end of the bracket to the fixture. Secure the other end by pushing the fixture into the bracket.

- 6** Once assembly is complete, turn on power to confirm fixture is working properly.
