

SAFETY INSTRUCTIONS

1. Do not use outdoors. 2. Equipment should be mounted securely in locations and at heights where it will not be readily subjected to tampering by unauthorized personnel. 3. Do not mount near gas or electric heaters. 4. Cap unused wires with enclosed wire nuts or other approved method. 5. Do not use this equipment for anything other than its intended use. 6. The use of accessory equipment not recommended by the manufacturer will void product listing and warranty and may cause an unsafe condition. 7. Use caution when servicing batteries. 8. Any service on this equipment should be performed by qualified personnel only. 9. Make sure wire terminations are secure and leads are properly tucked in appropriate wire channels. **CONSULT A QUALIFIED ELECTRICIAN BEFORE INSTALLING**

Caution:

Disconnect AC power before servicing and installation. All electrical connections must be in accordance with NEC/CEC or your local code.

LED Driver Mounting

HH6IC-LED

*Insulation Contact is good up to 2000L

Emergency Driver Mounting

Standard Emergency Mounting

Stud Mounting

T-Bar Box Hanger

Emergency Test Switch

Integral Test Switch

Remote Mount Test Switch

Emergency LED Driver Bracket Mounting

1

Screw in the Support Brackets

2

Mount the Driver Mounting Bracket/J-Box into the Support Brackets

House Framing Mounting

Joist Mounting

1

Position housing and then secure frame to structure. Adjust it if needed using the self-adjustable locks.

T-Bar Mounting

1

Self Adjustable Locks

Position housing and then secure frame to structure. Adjust it if needed using the self-adjustable locks.
